

Alcohol Wipes

HC7171 / 2San

DESCRIPTION

A white nonwoven fabric pre-saturated with 70% isopropyl alcohol (IPA) solution. 70% IPA is a simple and the most effective formula which efficiently kills most surface microorganisms, highly recommended for the disinfection of non-invasive instruments used in the medical area.

FEATURES

- 2 in 1 use – cleaning and disinfection
- Quick, convenient, and effective
- Single-use wipe – no cross contamination

TECHNICAL DETAILS

Kills 99.999% of bacteria within 5 minutes and >99.99% kill rate against all enveloped viruses including Coronavirus (MERS-CoV, SARS-CoV-1, SARS-CoV-2) in 30 seconds.

APPLICATIONS

Excellent cleaning and disinfection of hands and multiple hard surfaces. Recommended for amateur and professional users.

COMPLIES WITH

EN 14561, EN 13727, EN 1650, EN 14476
